# The number of cakes and kit composition may be different depending on the size of the cakes and kit types.

## 4-3. How to make

---

1. Take out the kit to thaw at room temperature before using it. (About 30 minutes before) It will defrost a little faster if you put the dough into warm water without opening it.
2. Wipe your hands clean with antibacterial wipe and clean the surroundings, then lay a sanitary tablecloth.
3. When the middle part of the rice dough becomes soft, open it.
4. Make it easily by the included manual or watching the video through QR code.
5. When finished, Let's eat delicious.

# 4-4. Precautions

---

- ▷ **Keep frozen immediately** after receiving the Rice clay.
- ▷ After opening, use the rice dough and consume it the same day because of **preservative-free foods**.
- ▷ The remaining rice dough is sealed and keep frozen. It thaws so that it does not get into the water. Please use remaining dough only for clay play.
- ▷ It can be stored for a long time if it is dried in a well-ventilated place and avoid sunlight. However, **Do not eat if stored**.

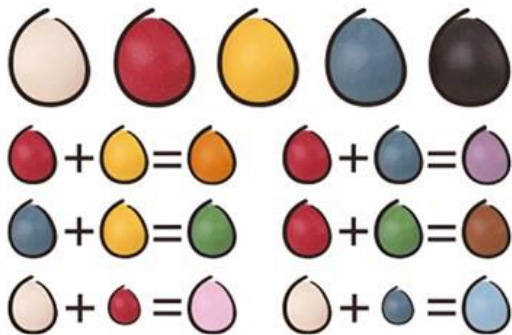

# The above precautions also applies to RIMEE Kit and RIMEE Dough.

# 4-5. Other information

---
